MAINTENANCE INSTRUCTIONS

Your ridiculously good looking wallpaper™ is virtually maintenance free! However, we have a few recommendations for general care and stain removal:

- For general maintenance, wipe with a dry, lint-free cloth.
- Stains and spills should be wiped up immediately with a dry cloth.
- Before attempting to remove a stain, we suggest testing a small, inconspicuous area first. Ordinary dirt and smudges should be removed with clean cloth moistened with a mixture of non-detergent soap and warm water. Do not oversaturate. Blot dry with a dry, lint-free cloth.
- Do not use steel wool or powdered abrasive cleaning agents, or commercial solvents such as nail polish remover or liquid cleaners with an alcohol content exceeding 50%, on the wallpaper.
- Avoid exposing wallpaper to strong sunlight for long periods of time.
